- Sylvania Heights BASC Policy D-40: WHS continuous Improvement and Self-Audit

## Scope

This procedure covers all the documentation, records and materials related to WHS at the Centre.

## Responsibilities

Management has the responsibility to:

- Ensure that all documentation and recording and reporting of WHS related information is stored and easily accessed by all staff and anyone else who requests access
- Ensure where possible documents are stored in GELSafe

Staff have the responsibility to:

- Follow procedures for recording and reporting information in the manner required

## Procedure

All WHS related information will be stored securely.

Centre specific and detailed departmental information is recorded elsewhere within the Centre.

Standard Section lists are:

- WHS Consultation: Records all consultation between staff and management regarding WHS
- WHS System Self Audit: This is an internal 'mini-audit', and you will be reminded to undertake this every 26 weeks via email reminder through the GELSafe system
- Workplace Inspection: A checklist used in the regular workplace WHS inspection. You will be reminded to undertake this every 3 months.
- Incident Report Form: An electronic form used when an incident has occurred, with corrective / preventative actions that need to be actioned and followed through to completion
- Register of Injuries: Documentation of all injuries sustained by workers in the workplace
- Hazardous Substances Register: A form for listing all the MSDS relating to hazardous substances / chemicals used in the workplace
- Staff Induction Register: A form for listing all staff and details of their induction in the workplace
- WHS Training Plan: A form used to create a training plan for staff and to upload any certificates detailing staff qualifications in the workplace

- Contractor Management Tool: A form used to list all Contractors, insurance details and expiry dates and to upload any certificates of currency of those insurances and safe work method statements for the workplace.
